

# Angelica ( Music & Lyrics by Kjetel A Idland )

Just about this time when the summer Is gone  
When all memories are gone, are gone  
So come & look this way cause we can lift you up  
Remember, not all shine like stars

When nightmares do hunt you down  
Someone cast a spell, from hell, from hell  
So come & look this way cause we can lift you up  
Remember, not all shine like stars

So cry & beg, cry & beg  
Does It make you shiver  
Cry & beg, cry & beg  
Touched by the fires of hell

So people lift her higher  
So people lift her higher
