

Firewalk with Me (Words & Music Kjetel A Idland)

Theres corrosion In thees chains
Try to cut them off my legs
Alice don't mind

Heard heaven can wait
One more day in hell
Cause Alice don't mind

She comes, she feels
Seize the day ask please please

Say forgive me don't leave
Corroded Chains around me feet
Cause Alice don't mind
Got him right where she wants
Suck it dry another round
And so it sounds

She comes, she feels
Seize the day ask please please
She comes, she feels

Stone cold he shines
Surviving years in the dark
At least one life time
Want you here want you now
Suck it dry suck it dry
Alice don't mind

She comes, she feels
Seize the day ask please please
She comes, she feels

She comes, she feels
Seize the day and ask please please
She comes
She feels
