

Scars (Words & Music by Kjetel A Idland)

Every time you crash and break down, do you grow strong
Smell of death In the heat of town, leave you someone to kill

Trapped down In the concrete jungel, narcotic maze
Schizophrenic tongues will seal your, faith pain & wealth

Watch now as I unleash hell

Bullet In the sea, down to me
I see the absent of you lights
Watch now as I unleash hell
And fade away, down to me
This Is the voice of your fears

Little drop of poison In her kiss, should make amends
Every time you try and fake It
Break down your mind games

Watch now as I unleash hell

Bullet In the sea, down to me
I see the absent of you lights
Watch now as I unleash hell
And fade away, down to me
This Is the voice of your fears

Watch now as I unleash hell

Bullet In the sea, down to me
I see the absent of you lights
Watch now as I unleash hell
And fade away, down to me
This Is the voice of your fears
Watch now as I unleash hell
Bullet In the sea, down to me
I see the absent of you lights
Watch now as I unleash hell

No one can tell
No one can tell
Many scars within
