

Thoughts For Your Hate (Words & Music by Kjetel A Idland)

Screaming I fight, my knees are trembling
Screaming I fight, fear of failing
Screaming I fight, mind & body

Thoughts for your hate, my voice cracking
Thoughts for your hate, silent violent
Thoughts for you hate, freely speaking

And start It all again
Driving us insane

Staring down on my vain
Keeping It clean
Still feel some pain
Your lightning Is one
Promise untold
She was wild
What she want
Holding on ...

Carry the weight
Carry the weight

Carry the weight

Screaming I might, my hands are shaking
Screaming I might, possesses me
Thoughts for your hate, freely speaking

And start It all again
Driving us insane

Staring down on my vain
Keeping It clean
Still feel some pain
Your lightning Is one
Promise untold
She was wild
What she want
Holding on ...

Carry the weight
Carry the weight

Carry the weight

Staring down on my vain
Keeping It clean
Still feel some pain
Your lightning Is one
Promise untold
She was wild
What she want
Holding on ...

Carry the weight !
Carry the weight !
Carry the weight !

Carry the weight !
